

Charlie Holm

Portfolio.charlieholm.se | 070-786 89 39 | cgeholm@gmail.com

Profile

Passionate about creating useful and meaningful digital experiences throughout the entire design process, from research and ideation to prototyping and finished product. With a combination of analytical thinking and creative problem-solving, I work iteratively to develop the most suitable solutions to presented challenges. I am responsible, collaborative and familiar of working structurally even at a fast pace; which are traits gained from experience through both my studies and professions.

Education

Bachelor's Degree in Information Technology | University of Skövde | 2022—2025

- Focused on User Experience Design
-
